Dear Sir/Madam,

I am seeking to uphold your ruling and a rewritten specification entitled 'A surgical-medical dressing for the treatment of body burns and for wound healing which employs human umbilical vein endothelial cell conditioned medium for human cell growth used in the manufacture of the dressing' is enclosed on a floppy disk as a Microsoft Word document. It was previously filed and given your application number of 10/076, 266, a filing date of 02/15/2002 and a conformation number of 1857. I am the sole inventor and I am not associated with any company. Therefore, a 'small entity' utility specification is being sought. I am the sole author.

Yours respectfully,

Denis E. Solomon
